Community Caregivers
Building a Caring Community

Our mission

To enable individuals of all ages to maintain their independence, dignity and quality of life within their homes and communities.

Our volunteers provide transportation so our clients can keep their doctor, chemotherapy, dialysis and other medical appointments. We also grocery shop, do paperwork, make and deliver meals, do light housekeeping chores and yard work, make reassurance phone calls, pick up prescriptions and also pick up and deliver library books. As a result of our services, the neighbors we help are able to remain in their homes and maintain their dignity and independence.

We thank you for your continued support.
