

COMMUNITY CAREGIVERS LAUNCHES NEW WEBSITE

By Regina DuBois

Community Caregivers based in Guilderland, N.Y. is pleased to announce the release of their new website, www.communitycaregivers.org.

The new site's major improvements are its ease of navigation, drop down menus and links. The redesigned site provides the information a client, caregiver, volunteer, or donor would need to find out more about Community Caregivers.

A new feature of the website is a link for online giving which is now donors' preferred way to contribute to their favorite organization. Visa and Mastercard will be accepted, and as always, checks are also welcome.

There is a one-stop shopping section for potential and existing volunteers, including an online form to become a volunteer and an online form to report mileage and hours for regular volunteers.

The What's New section will list all upcoming events including volunteer orientations, workshops and other educational programs for caregivers and volunteers.

"We are very proud to introduce this redesigned website to the Capital Region and invite our caregivers, volunteers, donors and area agencies to take a look and let us know what you think," said Chris Cassidy, President of Community Caregivers' Board of Directors.
